Charging points

\$100B+
Market size

PROBLEM

Public charging station coverage is poor while 87% of all charging stations are installed in private locations and are being idle 21 hours per day.

SOLUTION

CHRG Network platform connects all charging stations into a single network, enabling owners to share and monetize them.

MARKET GROWTH

Global electric vehicle fleet

WHAT USERS GET

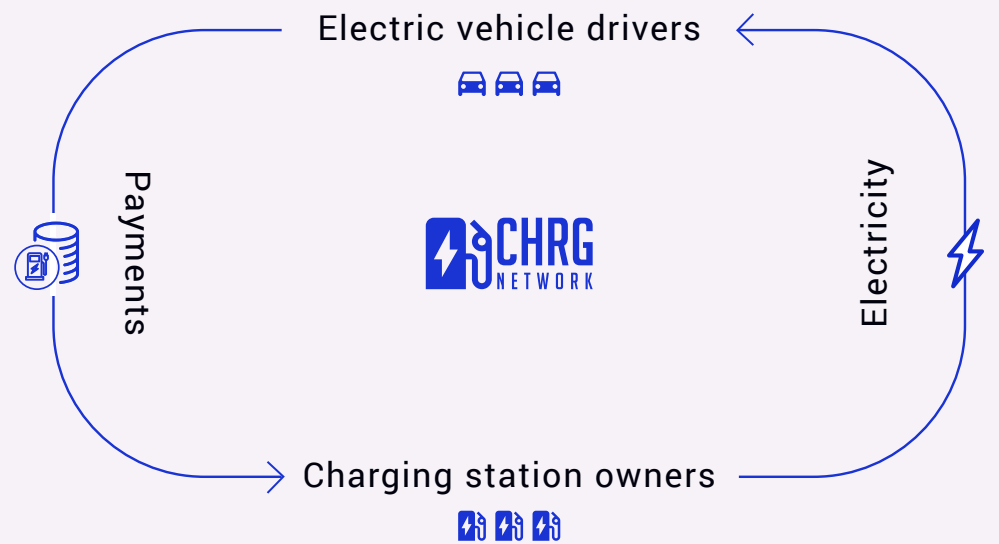

CHARGING STATION OWNERS

- ✓ Income from sharing
- ✓ Easy setup
- ✓ Custom pricing
- ✓ Charging station management

ELECTRIC VEHICLE DRIVERS

- ✓ Ability to charge everywhere
- ✓ Charging spot reservation
- ✓ Seamless payments
- ✓ Trip planning

PLATFORM CONNECTS ALL

People

Charging station owners who share and earn from each charge.

Business

Businesses such as gas stations, shopping malls, restaurants, motels, etc.

Network

Electric car charging networks.
